Factors that may cause the Company’s actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements include, among others, those factors listed under the caption “Risk Factors” of the Company’s final prospectus supplement for the offering described herein, dated May 6, 2015, and the accompanying base prospectus dated September 4, 2014, as filed with the U.S. Securities and Exchange Commission (“SEC”). The Company cautions readers not to place undue reliance on any such forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this report.

Item 1.01. Entry into a Material Definitive Agreement.

On May 6, 2015, Gladstone Investment Corporation (the “Company”) entered into an underwriting agreement (the “Underwriting Agreement”) with Janney Montgomery Scott, LLC, as representative of the several underwriters named in Exhibit A annexed thereto (the “Underwriters”). Pursuant to the terms and conditions of the Underwriting Agreement, the Company agreed to sell 1,400,000 shares of 6.50% Series C Cumulative Term Preferred Stock due 2022, par value \$0.001 per share, at a purchase price to the public of \$25.00 per share (“Series C Term Preferred Shares”). Pursuant to the Underwriting Agreement, the Underwriters also exercised their option to purchase an additional 210,000 shares of Series C Term Preferred Shares on the same terms and conditions solely to cover over-allotments. The Series C Term Preferred Shares were offered and sold pursuant to a prospectus supplement, dated May 6, 2015, and a base prospectus, dated September 4, 2014, which are part of the Company’s effective shelf registration statement on Form N-2 (File No. 333-181879). The Company expects the transaction to close on or about May 12, 2015. A copy of the Underwriting Agreement is filed as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated herein by reference.

Item 3.03. Material Modification to Rights of Security Holders.

The authorization and issuance of the Series C Term Preferred Shares on or about May 12, 2015, materially impacts the rights of the holders of the Company’s common stock (the “Common Stock”) as follows: (i) like the Company’s existing and outstanding 7.125% Series A Cumulative Term Preferred Shares, par value \$0.001 (“Series A Term Preferred Shares”), and 6.75% Series B Cumulative Term Preferred Shares, par value \$0.001 (“Series B Term Preferred Shares”), the Certificate of Designation (defined below) prohibits the Company from issuing dividends or making distributions to the holders of its Common Stock while any shares of Series C Term Preferred Shares are outstanding, unless all accrued and unpaid dividends on such Series C Term Preferred Shares are paid in their entirety; (ii) consistent with the rights of the Series A Term Preferred Shares and Series B Term Preferred Shares, the holders of the Series C Term Preferred Shares, together with the holders of the Series A Term Preferred Shares, Series B Term Preferred Shares and holders of shares of any other Preferred Stock, have the exclusive right to elect two directors of the Company; (iii) like the Series A Term Preferred Shares and Series B Term Preferred Shares, in the event that the Company owes accumulated dividends, whether or not earned or declared, on its Series C Term Preferred Shares equal to at least two full years of dividends, the holders of the Series C Term Preferred Shares have the right to elect a majority of the Board; (iv) similar to the Series A Term Preferred Shares and Series B Term Preferred Shares, the Series C Term Preferred Shares have a liquidation preference equal to \$25 plus all accrued but unpaid dividends in the event of an acquisition, dissolution, liquidation or winding up of the Company; and (v) consistent with the voting rights of the Series A Term Preferred Shares and Series B Term Preferred Shares, the holders of Series C Term Preferred Shares generally vote together with the holders of the Common Stock.

Item 5.03. Amendments to Certificate of Incorporation or Bylaws; Change in Fiscal Year.

The Certificate of Designation of 6.50% Series C Cumulative Term Preferred Stock due 2022 of Gladstone Investment Corporation (the “Certificate of Designation”) setting forth the terms of the Series C Term Preferred Shares created thereby, was filed with the Secretary of State of the State of Delaware on May 7, 2015. The following is a summary of the material terms of the Certificate of Designation, as it pertains specifically to the Series C Term Preferred Shares:

Liquidation Preference

In the event of any liquidation, dissolution or winding up of the Company’s affairs, holders of the Series C Term Preferred Shares will be entitled to receive a liquidation distribution per share equal to \$25 per share (the “Liquidation Preference”), plus an amount equal to all accrued but unpaid dividends, if any, and distributions accumulated to (but excluding) the date fixed for distribution or payment, whether or not earned or declared by the Company, but excluding interest on any such distribution or payment.

Dividends

The Series C Term Preferred Shares will pay a monthly dividend at a fixed annual rate of 6.50% of the Liquidation Preference, or \$1.625 per share per year. Cumulative cash dividends or distributions of each share of Series C Term Preferred Stock will be payable monthly when, as and if declared, or under authority granted by the Company's Board of Directors out of funds legally available for such payment. The first dividend is expected to be paid on June 30, 2015 to holders of record as of the close of business on June 19, 2015.

Redemption

Term Redemption. The Company is required to redeem all outstanding Series C Term Preferred Shares on May 31, 2022 (the "Redemption Date") at a redemption price equal to the Liquidation Preference, plus an amount equal to accumulated but unpaid dividends, if any, on such shares (whether or not earned or declared, but excluding interest on such dividends) to, but excluding, the Redemption Date. If the Company fails to redeem the Series C Term Preferred Stock pursuant to the mandatory redemption required on May 31, 2022, or in any other circumstance in which the Company is required to redeem the Series C Term Preferred Stock, then the dividend rate will increase by four percent (4%) for so long as such failure continues.

Mandatory and Optional Asset Coverage Redemptions. The Company may also be required to redeem certain outstanding Series C Term Preferred Shares if the Company fails to maintain an Asset Coverage ratio (as defined below) of at least 200% as of the close of business on the last calendar day on which the NASDAQ is open for trading, or a Business Day, of any calendar quarter, and such failure is not cured by the close of business on the date that is 30 calendar days following the filing date of the Company's Form 10-Q or Form 10-K, as applicable, for that respective calendar quarter, which is the three-month period ending March 31, June 30, September 30 and December 31 of each year (referred to in this report as an Asset Coverage Cure Date). In such case, the Company is required to redeem, within 90 calendar days of the Asset Coverage Cure Date, shares of the Company's preferred stock (which may include the Series C Term Preferred Shares) (the "Preferred Stock") equal to the lesser of (1) the minimum number of shares of Preferred Stock that will result in the Company having an Asset Coverage ratio of at least 200% and (2) the maximum number of shares of Preferred Stock that can be redeemed out of funds legally available for such redemption. Also, at the Company's sole discretion, the Company may redeem such number of shares of Series C Term Preferred Shares that will result in the Company having an Asset Coverage ratio of up to and including 215%. Asset Coverage for purposes of the Preferred Stock is a ratio calculated under Sections 18(h) and 61 of the 1940 Act, as in effect on the date of the Certificate of Designation, and is determined on the basis of values calculated as of a time within two business days preceding each determination.

Change of Control Redemption. Upon certain change of control triggering events, the Company will be required to redeem all of the outstanding Series C Term Preferred Shares.

Optional Redemption. After May 31, 2018, the Company may redeem the Series C Term Preferred Shares in whole or from time to time, in part at its option.

In each of the above cases of redemption, term redemption, mandatory and optional asset coverage redemption, change of control redemption and optional redemption, the Series C Term Preferred Shares are to be redeemed at a redemption price equal to \$25 per share plus an amount equal to all unpaid dividends and distributions on such share accumulated to (but excluding) the redemption date, if such redemption date occurs after the applicable record date for a dividend but on or prior to the related dividend payment date, the dividend payable on such dividend payment date to the holders of record of such shares shall be payable at the close of business on the applicable record date, and shall not be payable as part of the redemption price.

Voting

Except as otherwise provided in the Company's Amended and Restated Certificate of Incorporation or as otherwise required by law (1) each holder of the Preferred Stock (including the Series C Term Preferred Shares) will be entitled to one vote for each share of Preferred Stock held by such holder on each matter submitted to a vote of the Company's stockholders and (2) the holders of all outstanding Preferred Stock and Common Stock will vote together as a single class; provided that holders of Preferred Stock, voting separately as a class, will elect at least two of the Company's directors and will be entitled to elect a majority of the Company's directors if the Company fails to pay dividends on any outstanding shares of Preferred Stock in an amount equal to two full years of dividends and continuing during that period until the Company corrects that failure. Preferred Stock holders will also vote separately as a class on any matter that materially and adversely affects any preference, right or power of holders of Preferred Stock.

Issuance of Additional Preferred Stock

So long as any shares of the Preferred Stock (including the Series C Term Preferred Shares) are outstanding, the Company may, without the vote or consent of the holders thereof, authorize, establish and create and issue and sell shares of one or more series of a class of its senior

securities representing stock under Sections 18 and 61 of the 1940 Act, ranking on parity with the Preferred Stock as to payment of dividends and distribution of assets, in addition to the then outstanding Preferred Stock, in each case in accordance with applicable law, provided that the Company, immediately after giving effect to the issuance of such additional Preferred Stock, has Asset Coverage of at least 200%.

The foregoing description of the Certificate of Designation is qualified in its entirety by reference to the full text of the Certificate of Designation, which is filed as an exhibit to this Current Report on Form 8-K and incorporated by reference herein.
